

Vegetables and Herbs

bio inside offers a great range of vegetables and herbs from organic agriculture. To preserve their vitamins, nutrients and their typical flavour, they are processed and deep-frozen immediately after harvesting.

We also offer you various deep-frozen products, which make a creative chef out of you.

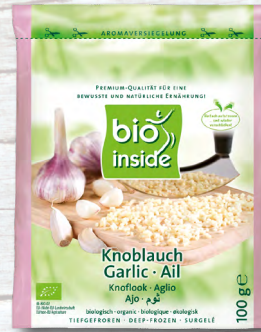

Just cook tasty dishes quick, easy and nutritious.

The healthy organic alternative for your modern cuisine. Be inspired by bio inside.

Just like fresh from the garden in usefull resealable packs

be inspired

Natural Cool

Naturally biodynamic

The frozen potato products from Natural Cool can be enjoyed with a good feeling. Because they contain valuable vitamins, minerals and trace trace elements. For our vegetables full of vital nutrients and flavor, we need healthy plants. For healthy plants, you need a living soil. This is exactly what our Demeter farmers ensure. Consistently according to biodynamic principles.

Quality you can taste.
Naturally out of conviction.
